Dear Colleagues:

Dr. Aung has again kindly agreed to present continuing education lectures to us on the Saturday evenings of the CPMA classes. You can see that the topics cover a wide spectrum of topics and are very relevant.

Attending these talks is a great way to visit with Dr. Aung, and to learn. Your friends would also love to chill out with you. Please come and join us.

As usual, please check the website:
www.geocities.com/draungclub before coming to the lectures.

Sometimes, there are last minute changes.

Yours sincerely,
